

MC BRIGITTES SOCIAL PROJECTS - NEPAL EARTHQUAKE HELP
We want to Thank all donors!

Doctors and volunteers of the project are going to the villages, giving medical help, distributing drinking water, food and tents.

They also help to rebuild shelters.

There is still lots of help needed and your donations are welcome. Especially in the coming months, when people try to return to their homes and everything has to be repaired.

We received until now 2,740 Euro and 7,500 Swiss Francs. All donations have been transferred to our projects in connection with TCM-Social Forum - Traditional Chinese Medicine across borders.

Thanks to all of you and that you stand with Nepal in this difficult times.

May you all be blessed!

Donations can still be made to my accounts:
